

SUSHMITA DHANDAR

Full Stack Developer (MERN) | React.js & Node.js Developer | JavaScript Developer

Pune, Maharashtra, India | +91 7796031552 | dhandarsushmita@gmail.com | github.com/Dhandar | linkedin.com/in/sush2000

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building and deploying production web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in JavaScript (ES6+), HTML5, CSS3, RESTful API development, JWT authentication, and Git version control. Completed a professional internship at Devotra Infotech delivering full-stack features in an Agile, remote team environment with Docker containerization and CI/CD pipelines. Strong foundation in Data Structures & Algorithms and Object-Oriented Programming. Seeking a Full Stack Developer or Frontend Developer role.

CORE TECHNICAL SKILLS

Frontend: React.js, Redux, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, RESTful API Development, JWT Authentication, API Integration

Database: MongoDB, Mongoose ODM, MySQL, SQL

Tools & Practices: Git, GitHub, Postman, Docker, CI/CD, Agile/Scrum, Code Review, VS Code

Programming Languages: JavaScript, Python, Java

INTERNSHIP EXPERIENCE

MERN Stack Developer Intern | Devotra Infotech

- Developed and deployed full-stack web applications using MongoDB, Express.js, React.js, and Node.js in a professional Agile environment, collaborating through Git pull requests and peer code reviews.
- Integrated the OpenAI GPT-4 API into a real-time AI chat application, implementing streaming responses, prompt engineering, and API rate-limit handling.
- Containerized backend services with Docker and supported CI/CD pipeline setup, reducing manual deployment effort by 40%.

PROJECTS

Airbnb Clone – Property Listing & Booking Platform | Personal Project

MERN Stack

Technologies: MongoDB, Express.js, React.js, Node.js, Redux, JWT, Mongoose, REST APIs

- Designed and built 12+ RESTful APIs using Express.js and Node.js, including full CRUD functionality with real-time MongoDB data persistence.
- Implemented Role-Based Access Control (RBAC) and secure authentication using JWT.
- Built a responsive React.js and Redux front end, optimizing state management architecture to reduce component re-renders by 30%.

EDUCATION

Master of Computer Applications (MCA) | Dr. D.Y. Patil College, Pune

2024 – 2026

First Class

B.Sc. Computer Science | Amravati University, Buldhana, Maharashtra

2018 – 2021

First Class

CERTIFICATIONS

- MERN Stack Development
- Data Structures & Algorithms (DSA)
